

DRAIN OPENER

DRAIN OPENER is a clear straw colour liquid containing dispersants, penetrants and wetting agent. It is specially designed for use in cleaning oil found in grease traps and drain pipes.

FEATURES

DRAIN OPENER is designed to:

- ** be economical & concentrated.
- ** quickly penetrates and help disperse the most stubborn soils.
- ** provide excellent rinsability.

PRODUCT SPECIFICATIONS:-

Appearance : Clear straw colour liquid
Specific Gravity : 1.23 ± 0.03
pH (1%) : 12.50 ± 0.50

USE DIRECTIONS:-

DRAIN OPENER is normally used at 1:1 up to 1:5 with warm water depending on condition of blockages. Allow **DRAIN OPENER** to penetrate for 10 to 30 minutes. Apply hot water to the drain hole to dissolve the grease and soil. Rinse thoroughly with water.

SAFETY PRECAUTIONS:-

Contain high concentration of alkalis. Harmful or fatal if swallowed. Wear rubber gloves, goggles or face shield and protective clothing when handling this product.

KEEP OUT OF REACH OF CHILDREN.
