INDUSTRIAL DEGREASER

INDUSTRIAL DEGREASER is a heavy duty liquid degreaser specially designed for manual cleaning of all food processing equipment. It is also an excellent cleaner for walls, utensils, floor and general food plant equipment.

INDUSTRIAL DEGREASER is able to penetrate, emulsifies and dissolves tough soils, its heavy duty cleaning power lets it cut through soil, grime oil and grease, wax film and soap scums. **INDUSTRIAL DEGREASER** leaves no film after rinsing and does not allow the redepositing of soils.

INDUSTRIAL DEGREASER is concentrated and thus is economy for use and convenient to store. It is safe on glass, concrete, sealed wood, quarry tiles and grills.

Properties

Appearance : Clear greenish-yellow liquid.
SG : 1.02 – 1.05
pH(1%) : 11.00 – 12.00
Foam : Moderate
Rinsability : Excellent
Solubility : Miscible with water at all recommended proportions.

How to use

Light soil : 1 – 5%
Medium soil : 6 – 10%
Heavy soil : > 10%

On greasy and oily surfaces, warm **INDUSTRIAL DEGREASER** solution is recommended for effective and economic cleaning.

Packing

25Kg
200Kg

Storage

Store in cool, dry place away from food ingredients.
